

**REMARKS**

This paper is in response to the Office Action of March 24, 2005. The due date for response extends to June 24, 2005.

The Applicants have attended to the drawing correction, and a new Replacement Sheet is enclosed. This sheet extends the arrow for number 806 to the "list of methods called."

The Specification was amended to correct the issues noted on page 3 of the Office Action.

Claim 8 was amended to add the "a" before "list of intercepted method calls."

Claims 1, 2, 16, and 17 were rejected under 35 USC § 103(a). The Examiner noted that claims 3, 4, 7, 11-15, and 18-20 were considered allowable over the cited art of record. Although the Applicants traverse the rejection, amendments were made to place the case in condition for allowance. A continuation seeking broader claim scope may be filed by the Applicants, if desired before the issuance of this case.

Allowable claim 3 was incorporated into claim 1, including the intermediary claims.

Allowable claim 7 was amended into claim 5, and claim 5 incorporated claim 6 and original claim 1. Accordingly, claim 5 is believed to be in condition for allowance.

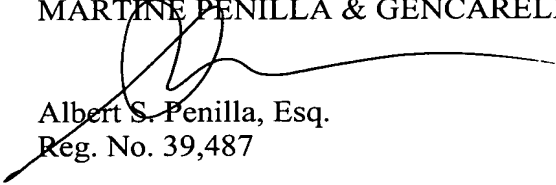

Allowable claim 11, including claims 10 and 9, were incorporated into claim 8. Accordingly, claim 8 is submitted to be allowable. Claim 13 was indicated to be allowable, so claim 8 was incorporated into claim 13. Claim 14 was indicated to be allowable, so claim 8 was incorporated into claim 14. For this reason, claims 13 and 14 are now allowable. Allowable claim 18 was incorporate into claim 16. Thus, claim 16 is now in condition for allowance. The remaining dependent claims now depend directly from or indirectly from allowable independent claims.

A Notice of Allowance is respectfully requested.

If the Examiner has any questions concerning the present amendment, the Examiner is kindly requested to contact the undersigned at (408) 749-6903. If any other fees are due in

connection with filing this amendment, the Commissioner is also authorized to charge Deposit Account No. 50-0805 (Order No SUNMP039). A duplicate copy of the transmittal is enclosed for this purpose.

Respectfully submitted,
